Professional Summary

IT and front-end enthusiast with hands-on experience in **IT support**, social media lead, front-end development, and data entry. Proficient in **HTML/CSS**, **Figma**, **Python**, **C/C++**, and **Adobe Premiere Pro**. Dedicated to solving technical problems and delivering creative, user-friendly solutions.

Technical Skills

Languages: C/C++, Python, SQL

Frontend: HTML, CSS, Svelte, JavaScript

Backend: Node.js, Express, FastAPI, REST APIs

Tools & Others: Git, Docker, Figma, Postman, Web Scraping, UI/UX, Prompt Engineering

Experience

Lab Tech Intern

Dec 2025 – Mar 2026

System Support Cell, Parul University

Vadodara, IN

- Troubleshoot Wi-Fi connectivity issues for students and staff, ensuring minimal downtime.
- Assisted administrative departments with various IT-related problems, improving workflow efficiency.
- Maintained accurate inventory records of hardware and devices.

Software Engineer Intern

Jul 2025 – Oct 2025

MIS Cell, Parul University

Vadodara, IN

- Helped build prototypes for internal projects, including the **Prash** platform (Parul University shop rental system).
- Designed user interfaces in **Figma** for the project, ensuring alignment with stakeholder requirements.

Projects

ProjectHub | *Svelte 5, SvelteKit, MongoDB, Three.js*

- Built a community-driven portfolio platform where developers **showcase projects**, receive **structured feedback**, and build public portfolios.
- Added **Three.js** for 3D project visualizations and used **Svelte 5** runes for reactive state management.
- Designed **MongoDB** aggregation pipelines for personalized project recommendations.

CodeX | *React, Node.js, WebSockets, Docker, PostgreSQL*

- Developed a browser-based collaborative coding workspace with **real-time code sync** using **WebSockets**.
- Integrated **AI-powered** code assistance for completion, debugging, and explanations.
- Used **Docker** for containerization and **PostgreSQL** with **Prisma ORM** for workspace management.

LinkForge | *React, Node.js, PostgreSQL, Redis*

- Built a URL management platform with **custom short links**, **QR codes**, and **click analytics**.
- Used **Redis caching** for faster redirects and **PostgreSQL** for data persistence.
- Added security features including **link expiration**, **password protection**, and **click limits**.
- Created an analytics dashboard showing **click counts**, **referrer sources**, and **device types**.

Certifications

Microsoft Azure AZ-900 – Microsoft

- Certified in foundational Azure concepts including cloud computing, security, privacy, compliance, and trust.

Computer Networks & Internet Protocol – NPTEL Swayam (Top 5%)

- Comprehensive understanding of OSI model, TCP/IP stack, routing protocols, and network security fundamentals.

Python Programming – GeeksforGeeks

- Mastery of Python fundamentals, OOP, data structures, and algorithmic problem-solving (solved 150+ problems).

Education

B.Tech in Computer Science & Engineering

2024 – Present

Parul University, Vadodara

CGPA: 7.43/10.00

Diploma in Computer Engineering

2021 – 2024

Parul University, Vadodara

CGPA: 7.56/10.00
