Professional Summary

IT and front-end enthusiast with hands-on experience in **IT support**, social media lead, front-end development, and data entry. Proficient in **HTML/CSS**, **Figma**, **Python**, **C/C++**, and **Adobe Premiere Pro**. Dedicated to solving technical problems and delivering creative, user-friendly solutions.

Technical Skills

Languages: C/C++, Python, SQL

Frontend: HTML, CSS, Svelte, JavaScript

Backend: Node.js, Express, FastAPI, REST APIs

Tools & Database: PostgreSQL, MongoDB, Redis, Git, GitHub, Docker, Vite, Postman, Figma, Canva

Experience

Lab Tech Intern

Dec 2025 – Mar 2026

System Support Cell, Parul University

Vadodara, IN

- Troubleshoot Wi-Fi connectivity issues for students and staff, ensuring minimal downtime.
- Assisted administrative departments with various IT-related problems, improving workflow efficiency.
- Maintained accurate inventory records of hardware and devices.

Software Engineer Intern

Jul 2025 – Oct 2025

MIS Cell, Parul University

Vadodara, IN

- Helped build prototypes for internal projects, including the **Prash** platform (Parul University shop rental system).
- Designed user interfaces in **Figma** for the project, ensuring alignment with stakeholder requirements.

Projects

ProjectHub | *Svelte 5, SvelteKit, MongoDB, Three.js*

- Built a community-driven platform for developers to **showcase projects**, receive **structured feedback**, and maintain public portfolios.
- Implemented interactive **Three.js** 3D project visualizations and **Svelte 5 runes** for reactive state management.
- Designed **MongoDB aggregation pipelines** to power personalized project discovery and recommendations.

CodeX | *React, Node.js, WebSockets, Docker, PostgreSQL*

- Developed a browser-based collaborative coding workspace with **real-time multi-user code synchronization** using WebSockets.
- Integrated **AI-powered code assistance** for code completion, debugging, and contextual explanations.
- Containerized services with **Docker** and implemented workspace persistence using **PostgreSQL** and **Prisma ORM**.

LinkForge | *React, Node.js, PostgreSQL, Redis*

- Built a URL management platform supporting **custom short links**, **QR code generation**, and click analytics.
- Implemented **Redis caching** to optimize URL redirection and used **PostgreSQL** for persistent data storage.
- Added security controls including **link expiration**, **password protection**, and **click limits**.
- Developed an analytics dashboard tracking **click volume**, **referrer sources**, and **device types**.

Certifications

Microsoft Azure AZ-900 – Microsoft

- Certified in foundational Azure concepts including cloud computing, security, privacy, compliance, and trust.

Computer Networks & Internet Protocol – NPTEL Swayam

- Comprehensive understanding of OSI model, TCP/IP stack, routing protocols, and network security fundamentals.

Python Programming – GeeksforGeeks

- Learnt Python fundamentals, OOP, data structures, and algorithmic problem-solving (solved 50+ problems).

Education

B.Tech in Computer Science & Engineering

2024 – Present

Parul University, Vadodara

CGPA: 7.43/10.00

Diploma in Computer Engineering

2021 – 2024

Parul University, Vadodara

CGPA: 7.56/10.00
